

Compunnel

The Future of Healthcare is AI-Powered

AI isn't just transforming healthcare—it's redefining it.

Healthcare leaders face **increasing security risks, workforce shortages, interoperability challenges, and operational inefficiencies**. The future belongs to **those who adapt AI, automation, and next-gen digital solutions**.

Leading innovation in **Agentic AI, Digital Product Engineering, Cybersecurity, Data Science, Workforce Transformation, Privacy and Compliance**.

Trusted by **top hospitals, healthcare systems, life sciences, and MedTech leaders**.

Empowering healthcare organizations with secure, scalable, AI-driven solutions.

Meet us at HIMSS 2025 - Let's build the future together!

Smarter Systems, Seamless Operations

Transforming Healthcare with AI & Digital Innovation

AI Agentic AI

Multi-agent AI systems optimizing clinical, admin & operational workflows.

EHR & System Integration

AI-powered data interoperability & seamless patient record access.

AI + ML for Diagnostics & Predictive Care

40% faster disease detection, improved treatment accuracy.

Healthcare Automation

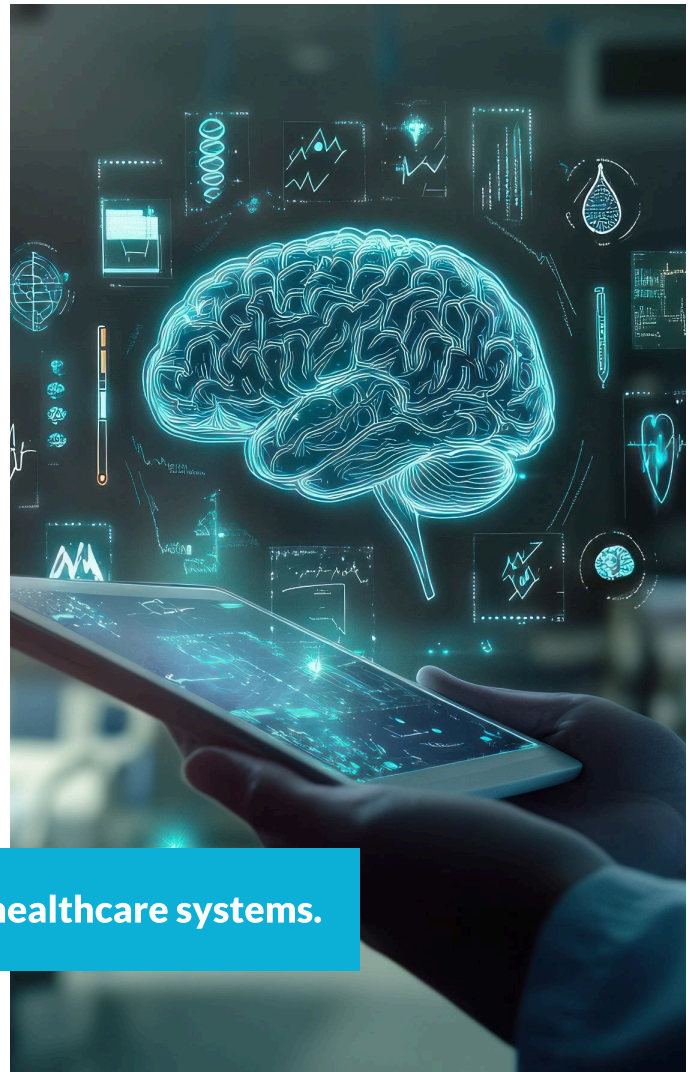

AI-powered workflow automation reducing admin workload by 50%.

Impact

 **30% faster** EHR data processing & interoperability

 **50%** improvement in clinical decision-making with AI-powered insights

 **60%** reduction in hospital readmission rates

Let's unlock AI-driven efficiency in your healthcare systems.

Cybersecurity for Healthcare: Secure. Compliant. Resilient.

At HIMSS 2025, Compunnel is redefining healthcare cybersecurity with end-to-end security solutions tailored for hospitals, life sciences, digital health enterprises and pharmaceutical.

Our Specialized Cybersecurity Services

Cyber Strategy

Align your cyber risk programs with strategic business objectives.

Data Protection & Privacy

Ensure HIPAA, GDPR compliance while managing healthcare data securely.

Identity & Access Management (IAM)

Strengthen identity verification and secure critical systems.

Endpoint Security

Safeguard patient data with advanced device security and threat prevention.

Application Security

Protect EHR, patient portals, and telehealth applications from vulnerabilities.

Cloud Security

Secure cloud EHR integrations and patient data storage with AI-powered defenses.

Security Operations

Detect, analyze, and mitigate cyber threats before they disrupt healthcare operations.

Infrastructure Security

Build a resilient security framework for connected medical devices and networks.

Impact

Meet us at
HIMSS 2025 to
discuss how we
can fortify your
healthcare
security.

45% reduction in healthcare data breaches

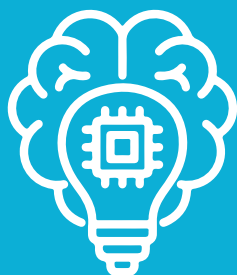

70% faster compliance tracking with AI-driven automation

30% cost savings on cybersecurity management

The Right Talent, When & Where You Need It

AI-Powered Talent Solutions for a Future- Ready Workforce

AI-Powered Hiring

60% faster time-to-hire with precision-matched talent.

On-Demand Healthcare Workforce

Scalable clinical & non-clinical talent solutions.

Automated Credentialing & Compliance

100% regulatory adherence with AI verification.

Flexible Workforce Models

Full-time, contract, and project-based hiring solutions.

Impact

70%

faster workforce
deployment

50%

reduction in hiring costs with
AI-powered screening

99%

compliance adherence with
automated credential checks

Transform your healthcare workforce with AI-powered precision.

**Let's build the future
of healthcare—together!**

Why Choose Us

01 Specialized Expertise

With years of experience across diverse industries, our team brings a deep understanding of complex challenges and unique requirements. We provide practical, effective solutions tailored specifically to your business needs.

02 Flexible Engagement Models

Whether you require scalable team augmentation, dedicated resources, or hybrid deployment options, our models adapt seamlessly to fit your organization's structure and strategic goals.

03 Transparent and Reliable Support

From consultation to implementation, we are with you every step of the way. Our team provides responsive, dependable support to ensure your success, building a partnership based on trust and consistency.

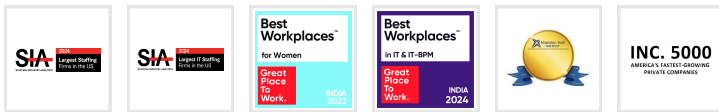

04 Future-Focused Solutions

Using leading tools such as Power BI, Tableau, Adobe Analytics, Qlik, Google Looker, and advanced technologies like Python and SQL, we design solutions built for long-term success. Our approach ensures your business stays ahead with modern, data-driven systems that deliver measurable results.

About Compunnel, Inc

Compunnel leverages a team of seasoned technologists to harness high-impact technologies and tools to tailor innovations that optimize businesses' customer experience, user experience, and internal and external processes. Developing innovations that empower organizations to realize the full potential of the cloud, data, decision intelligence, AI/ML, and more, we have impacted operations excellence of over 2.5million users while delivering 1000+ modernized applications.
